SENIOR CLASS HISTORY

The senior class of 1942 came to South Beloit High School in the fall of 1938. There were 86 freshmen in this class. The class officers elected for this year were as follows: Delyla Rice, president; Wilbur Briscoe, vice president; Dale St. John, secretary; and Ervin Smith, treasurer. The highlight of this year was their initiation by the sophomores, an event which was a big success.

In their sophomore year the class was reduced to 64 members. The high spot of this year was their initiation of the freshmen. The class officers for this year were Ervin Smith, president; Jeanette Allen, vice president; Dale St. John, secretary; and Joe Natale, treasurer.

In the junior year of 1939-1940 the class had dwindled down to 47, approximately half of the original number. The main event of the year was the junior-senior prom. Much credit in the drive for sufficient funds was given Vito Saladino, the financial manager, who had charge of the sale of pop, candy, and tickets for the various events. The king of the Prom was Ervin Smith, who with Delyla Rice as his queen, led the grand march the night of the Prom. The class officers for the year were Ervin Smith, president; Wilbur Briscoe, vice president; Delyla Rice, secretary; and Mae Osmond, treasurer. We were now all looking forward to our senior year.

The senior year came in a hurry and brought 39 members with it, less than half of the big class of 86 that started four years ago. The highlight of the senior year, of course, was commencement. The exercises were held May 29 with 38 members of the class participating. Delyla Rice was our valedictorian and Mae Osmond our salutatorian. Those in charge of the class this year were Ervin Smith, president; Mae Osmond, vice president; Delyla Rice, secretary; and Lorraine Letheby, treasurer. We of the class of 1942 wish to say good luck to all the future classes in the school.

PROPHECY

'Way back in 1942 the Seniors sacredly pledged that they would return to their Alma Mater, South Beloit High School, where they spent four years diligently seeking a higher education so that they might appreciate the finer things of life.

The memorable day, May 29, 1962, has arrived; and now the Seniors of 1942 are grouped around a massive mahogany table in the million dollar structure of South Beloit High School, discussing the highlights of their lives.

At the head of the table sits VITO SALADINO, a very distinguished, elegantly dressed gentleman showing poise and confidence. He is president of the Ramona Spaghetti Company. The position was acquired because of his ability as a salesman.

Seated at his right is MISS VIRGINIA KING, the celebrated soprano of the Metropolitan Opera.

'Way down at the other end of the table we see the head football coach of the University of Illinois. It's none other than CHARLES MORSE, who gained a great deal of his skill while at good old South Beloit High School. Is that his wife sitting next to him? Why, it's LORANE McGHEE, that reckless, singing, shooting, lariat-throwing western actress.

It has just been announced that ART PALMER, famous photographer for the New York Times, will be unable to attend our reunion because of third degree burns received when he fell from the burning Woolworth Building in New York. We are all wishing you a speedy recovery, Art.

Who is this handsome cowboy strolling in late? Well, well, if it isn't DONALD BROWN, formerly known to his friends as "Elly." "Elly" has settled down on a little ranch in Montana with his bride, HANNA SCHNURR, and is reported to be doing well. Perhaps Donald and Hanna will sing a few of those old-time cowboy ballads for us a little later!

MARJORIE WACASER, Miss America of 1950, is here also tonight. She has just returned from Billy Rose's Water Carnival in California, where she has been appearing nightly.

Professor CONRAD BRAUSAM was permitted to leave the campus of the University of Illinois, where he is a noted instructor in the art of jujitsu, to attend this gathering.

STANLEY BLATTER, famous agriculture inspector, is present and has just given a talk on some of his latest farming improvements.

Word has just been received that MISS ROSE GIOFLIONIA, Parisan model, will be unable to attend our reunion because of complications in Paris.

Now here's a surprise for you. When WILBUR BRISCOE left South Beloit fully intending to work on a farm, little did he realize that that little catchy something in the manipulation of his right hip would some day rate him a feature attraction at the Hollywood Stork Club. "Hippy" Briscoe has surpassed even Fred Astaire in the eyes of the public.

One of our graduates who planned to be an old maid is DELYLA RICE. However, her plans were disrupted; and she married ERVIN SMITH, also a graduate of '42. Rumor has it that she has been having some trouble with her husband lately since several of his friends told him that he sounded like Bing Crosby.

Well do I recall that when ORRIN CHRISTIANSON was handed his diploma he tossed his hat into the air and shouted, "U. S. Air Corps—Here I Come!" Orrin received his training at Fishhook, the largest aviation field in the world. He was also awarded high honors for bombing the greatest number of field mice on the ranch of WILLIAM CAPLES. Orrin now owns his own plane and spends his time dodging the skyscrapers in South Beloit.

All during his high school career, EVERETT BUGGE impatiently awaited the day when he might—"Go west, young man, go west." Immediately after graduation he began his journey to California, leaving a trail of broken hearts behind him. With money obtained through selling to the public the merits of the Kinky permanent wave, he purchased a new variety of orange called the "Speck-Hart Delicious."

Graduating from South Beloit High School, JOE NATALE entered the field of politics. After much ballyhoo and mud-slinging, he landed in Congress as South Beloit's delegate to aid in its government. After a few weeks of filibustering, he pushed through a bill limiting the height of women's hats. He is now chairman of the Ways and Means committee to rid the capital of mice and is frequently seen chasing through the halls with a butterfly net.

Next we see that reckless daredevil driver, SIR JOSEPH LOOMIS, who broke the speed record on Bonneville Salt Flats with a speed of 500 miles per hour, although he was handicapped by a serious injury to his eye, sustained while playing professional basketball.

Sitting beside Joe is DOLLY McHONE, who is the wife of the present day world's tallest man, DONALD LARSON, and is traveling in the world's greatest side show.

PROPHECY—(Continued)

On the other side of the table sits BESSIE DIGIROLOMO, who is the great inventor of the autophone, which enables the deaf to hear. Bessie has amassed a great fortune because of this invention.

Soon after graduation, CLAUDIA BROWN, because of her musical ambitions, went to Chicago as a manager of Guy Lombardo's orchestra. As a result of the broken health of this noted leader, Claudia was chosen to assume his position. So now after twenty years, Claudia is a nationally famous leader of a really good swing orchestra, playing at the "Trianon."

After three years of nurse's training in Rockford, RUTH PECKHAM related that she served internship in a big hospital in Chicago, putting her whole heart and energy into her work. The last two years she spent in surgical work assisting a young doctor to whom she became engaged. Now Ruth and the doctor are happily married, living in a newly constructed bungalow with a year-old son to brighten their home.

The lives of GLEN CLARK and PAUL PRATT have been filled with adventures of the sea. They joined the navy two years after graduation. While stationed with the U. S. S. Van Beer at Pearl Harbor, Hawaii, they met their O. A. O. (One and Only) on the beach at Waikiki. After a double wedding ceremony performed in Hawaii on the evening of February 10, the boys and their beautiful wives spent their honeymoon in the United States and consented to make their appearance at the reunion.

We regret to announce that one of our outstanding students, LORRAINE LETHEBY, has passed into the Valley Beyond. Her closest friends say she died of a broken heart while waiting for a certain sailor.

A flourishing beauty parlor is operated by FERN PETITT although she is happily married to HAROLD PARTRIDGE, the coach who led South Beloit to the Winnebago County Championship. Two years ago Fern became nationally famous by her specialization in coiffeurs, one of which is used by the First Lady of the land.

One charming classmate, DORCAS PINTER, lives in Springfield with her husband, HARRY WORTHING, who, following in his grandfather's footsteps, is a distinguished member of the House of Tall Stories. Dorcas is very proud of her two children, who are known for their graceful tap dancing.

DALE ST. JOHN has just returned from a three months' tour in Europe and told several interesting adventures of skiing in the mountains of Switzerland. The previous year Dale received his M. A. degree from William and Mary College. He expects to teach in the high school at Williamsburg, Virginia, this coming year. While he was at Normal, he became especially interested in a girl from Pittsburgh and eventually . . .

With all the commercial training in high school, in addition to business training at Brown's Business College, MAE OSMOND received a position in the office of Armour's Packing House at Chicago. A few years later she met a charming young man, and soon her working days were over.

DON YOUNGWITH, after training at Parks' Air College, has been steadily promoted and now is the chief testing pilot at the Stinson Airplane Factory. Last September he broke all airplane speed records with a speed of 703.59 miles per hour. He says he is as uninterested in women as he was when he was in high school. We wonder?

After supervising a hatchery in Skunkhollow for four years, MORRIS McLAIN started a chain of hatcheries with his main office at DeKalb. In 1948 he married a charming senior of DeKalb College. During the fall he acts as an agent for the DeKalb Hybrid Seed Company.

Matrimony lured our modest classmate, HAZEL McLAIN. The lucky man, ART ATKINSON, is an employee of the Amboy Milk Factory. They have a daughter in the first grade, 4-year-old twin boys, and an 18-month-old baby girl. Hazel is the president of the Amboy Cooking Club.

We are much honored by the presence of the famous personage, LEE HARDY, who has taken Clark Gable's place as Rhett Butler in "Gone With the Wind.' Playing opposite him as Scarlett O'Hara is MISS JOSEPHINE GIACALONE.

After the more prominent members had given some lengthy speeches on their activities, HARRY WORTHING, in a very meek little voice, suggested that the reunion be made an annual affair. Everyone readily agreed and departed for their respective places of business.

LAST WILL AND TESTAMENT

We, the Seniors of South Beloit High School, preparing for the inevitable end and realizing that all matters must be settled before we take our sad departure, do hereby make this our Last Will and Testament.

We, the Senior Class, give and bequeath to the Freshmen our intelligence, co-operation, initiative, and dignity.

To the Sophomore Class we will our great variety of talent and our broad knowledge.

To the instructors of South Beloit High who have tried so hard to educate us, we give and bequeath our class manners and etiquette.

To the Juniors we will the following:

Art Atkinson wills his love for an argument to Larry Clarity, who will probably make good use of it.

Conrad Brausam and Joe Natale will their booming voices to Carl Briscoe and Audrey Speck.

Wilbur Briscoe wills his clarinet to John Bennington.

William Caples wills his half-pint stature to Stewart Earl.

Josephine Giacalone wills her wee voice to Clinta Harris.

Virginia King wills her love for dancing to Willabelle Youngwith.

Rose Gioflionia wills her poise and grace to Joan Lawton.

Glen Clark wills his jokes to George Rippie to pass on next year.

Lorane McGhee wills her Southern accent to Dawnine Marsden who can use it for cheerleading.

Everett Bugge wills his blonde hair to Louise Turman.

Donald Larson wills his height to Doris James so she will be a little more Stewart Earl's size.

Donald Brown wills his guitar to Bill Stickler so he can serenade Audrey Speck.

Lee Roy Hardy wills his clothes to John Evans. Now John can go into the business.

Bessie Digirolomo wills her good looks to Oscar Anderson.

Lorraine Letheby wills her walk home to Art Kastner.

Orrin Christianson wills his car to Robert Freeman so he can drive to school next year rather than ride his bike.

Charles Morse wills some of his weight to Dick Stinson.

Joseph Loomis wills his car to Irene Millay so her soldier friend can drive instead of walk.

Ruth Peckham wills her attraction for the opposite sex to Annie Sciacca and Betty Stickler.

Marjorie Wacaser wills her slimness to Mary Lombardo.

Harry Worthing wills his large vocabulary to George Brausam and Clyde Petitt. There should be plenty for both; but if there isn't Harry will provide some more.

Paul Pratt, the answer to a maiden's prayer, wills his filling station job to Janet Moffitt and Willetta Palmer.

Dorcas Pinter wills her excess weight to Shirley Chambers and Mary Virginia Edgerton.

Dolly McHone wills her desire to go to Texas to Ruth Anderson.

Mae Osmond wills her job as "Reflector" editor to Marlene Bichsel and Margaret Boscki. Now they can spend half their class hours looking for news as Mae had to do.

Hazel McLain wills her bashfulness to Alice Jo Goldsworthy.

Art Palmer wills his typing ability to Steven Seach. (The old hit-and-miss method.)

Delyla Rice wills those high grades on her report card to Dick Singles, who is badly in need of some.

Harold Partridge wills his athletic ability to Camilla Stewart and Jeanette Bowles.

Fern Petitt wills her middle-age figure to Pearl Behling.

Dale St. John wills his gravel-throat voice to Jean Gibbons.

Morris McLain wills his knowledge of history to Bruno Ghinazzi, who will need it next year in American history.

Stanley Blatter wills his good looks to Floyd Karty.

Hanna Schnurr wills her blushing ability when called upon to recite to Irene Packard.

Vita Saladino wills his confused English diction to Gene Wiley.

Donald Youngwith wills his heart-fluttering smile to Clifford St. John.

Ervin Smith wills his solos in the Glee Club to Jack Pasco.

As for me, Claudia Brown, I will my singing ability to Nick Ciaramita.

Signed, sealed, and delivered in the presence of:

CLAUDIA BROWN
ROSE GIOFLIONIA

BLACKHAWK STAFF

☆

The successful publication of the 1942 BLACKHAWK has been due to the tireless efforts of the annual staff, who have worked long and hard in order that this year's book might be a faithful record of the activities and achievements of South Beloit High School students and a storehouse of many happy memories in the days to come.

This has been a year of steady work for the juniors. Each member has shown a good school spirit by doing his part. Two orchestra dances were given which proved a profit to the class treasury. Also the juniors sold candy, popcorn, and cakes. In addition they gave a good play entitled "Calm Yourself." The greatest event of the year, however, was the junior-senior prom given by them for the seniors.

COMMERCIAL

Typewriting, shorthand, and bookkeeping are the three commercial subjects taught in our school. They are optional subjects and are offered during the junior year. This year the classes had the following enrollments.

Typing I	48	Shorthand	22
Typing II	21	Bookkeeping	36

In Typing I, the students learn the typing work essential to personal use and accomplish a reasonable rate of speed with as high a degree of accuracy as possible.

Typing II is a class of students who wish to become more proficient at the typewriter. Some of them maintain excellent speeds with a good degree of accuracy.

Only one year of shorthand is taught. This year two boys enrolled in the course. The Gregg system is taught. The dictation speeds range from 80 to 120 words a minute at the close of the first year.

"Booking is a nightmare and a lot of hard work," as stated by some diligent bookkeeper in this year's class. True, it is a big task to learn to keep your books in balance. The year's work is summarized by working a practice set during the last six weeks.

SCIENCE DEPARTMENT

The functions of general science in the education of boys and girls are:

1. An understanding of those generalizations of science that a citizen of a modern democracy needs in order to solve everyday personal, social, and civic problems.

2. An understanding and appreciation of the importance to one's self and to society of the applications of scientific discoveries.

3. The development of a scientific attitude of mind.

4. The growth in ability to do critical thinking.

5. The development of interests for worthy use of leisure time.

The purpose of biology in high school is to:

1. Prepare the individual for healthful living.

2. Give knowledge which will help interpret the existing environment.

3. Portray the human race and its improvements.

4. Show the advantages and disadvantages of one animal in comparison with others.

5. Cultivate wholesome attitudes of tolerance, sex, life, and social ethics.

6. Adjust mental and emotional control.

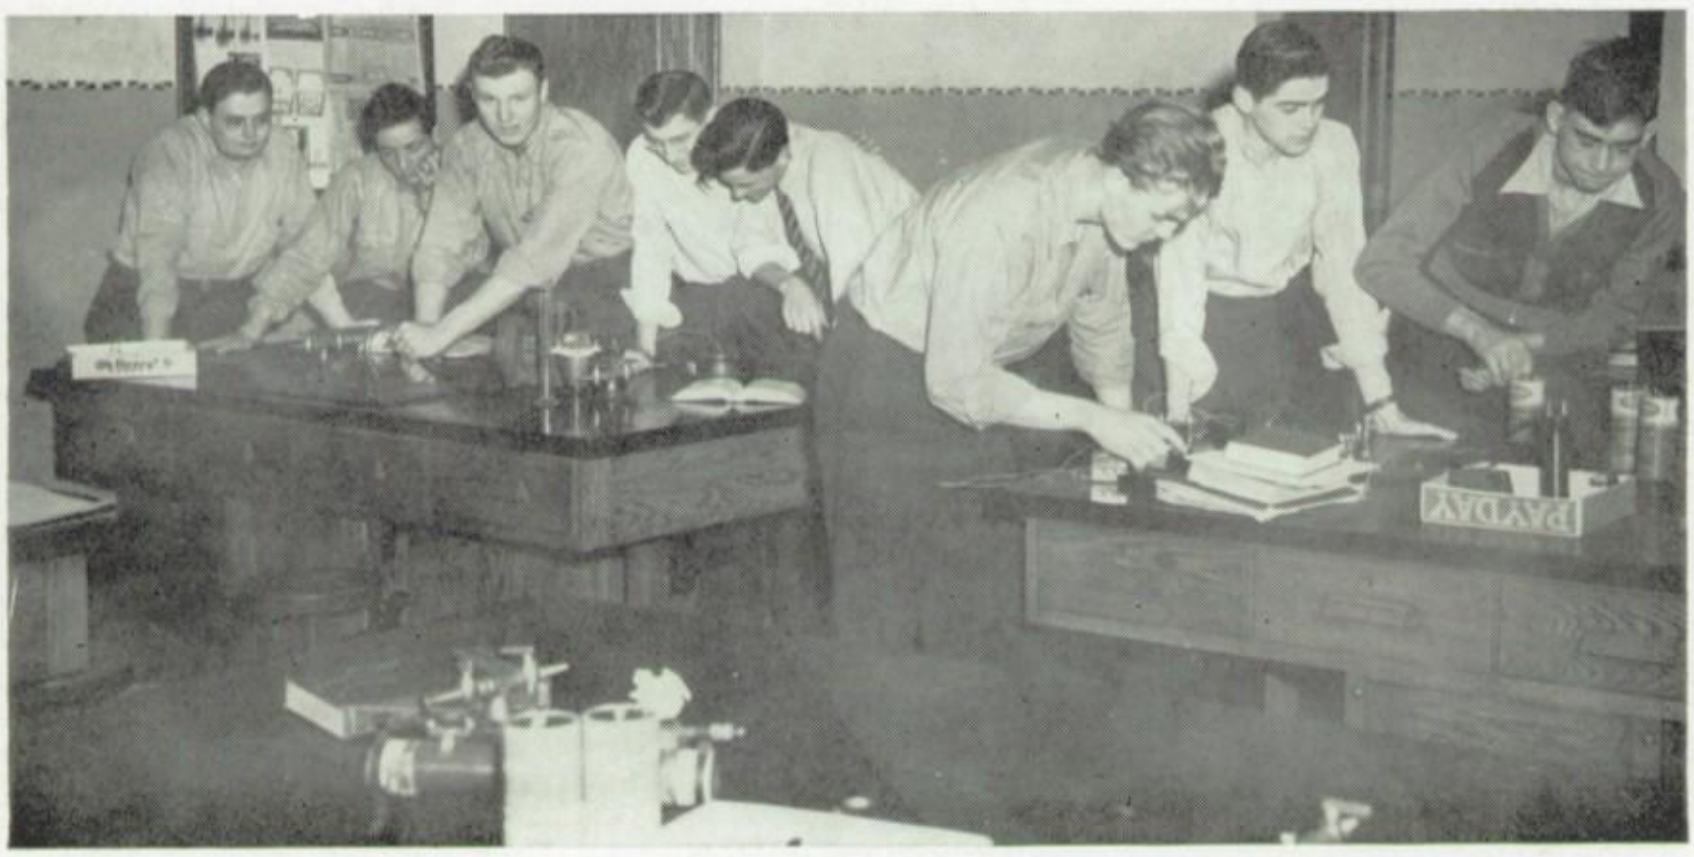
7. Understand the balance of nature.

8. See the consequences of violating nature's laws.

9. Improve both the mental and physical side of life.

Physics is a part of the curriculum for the purpose of:

1. Finding the value of facts over opinion.
2. Interpreting life around us.
3. Giving ideas about vocation.
4. Stimulating a desire for more knowledge.
5. Knowing what makes things operate as they do.
6. Stating things more exactly.

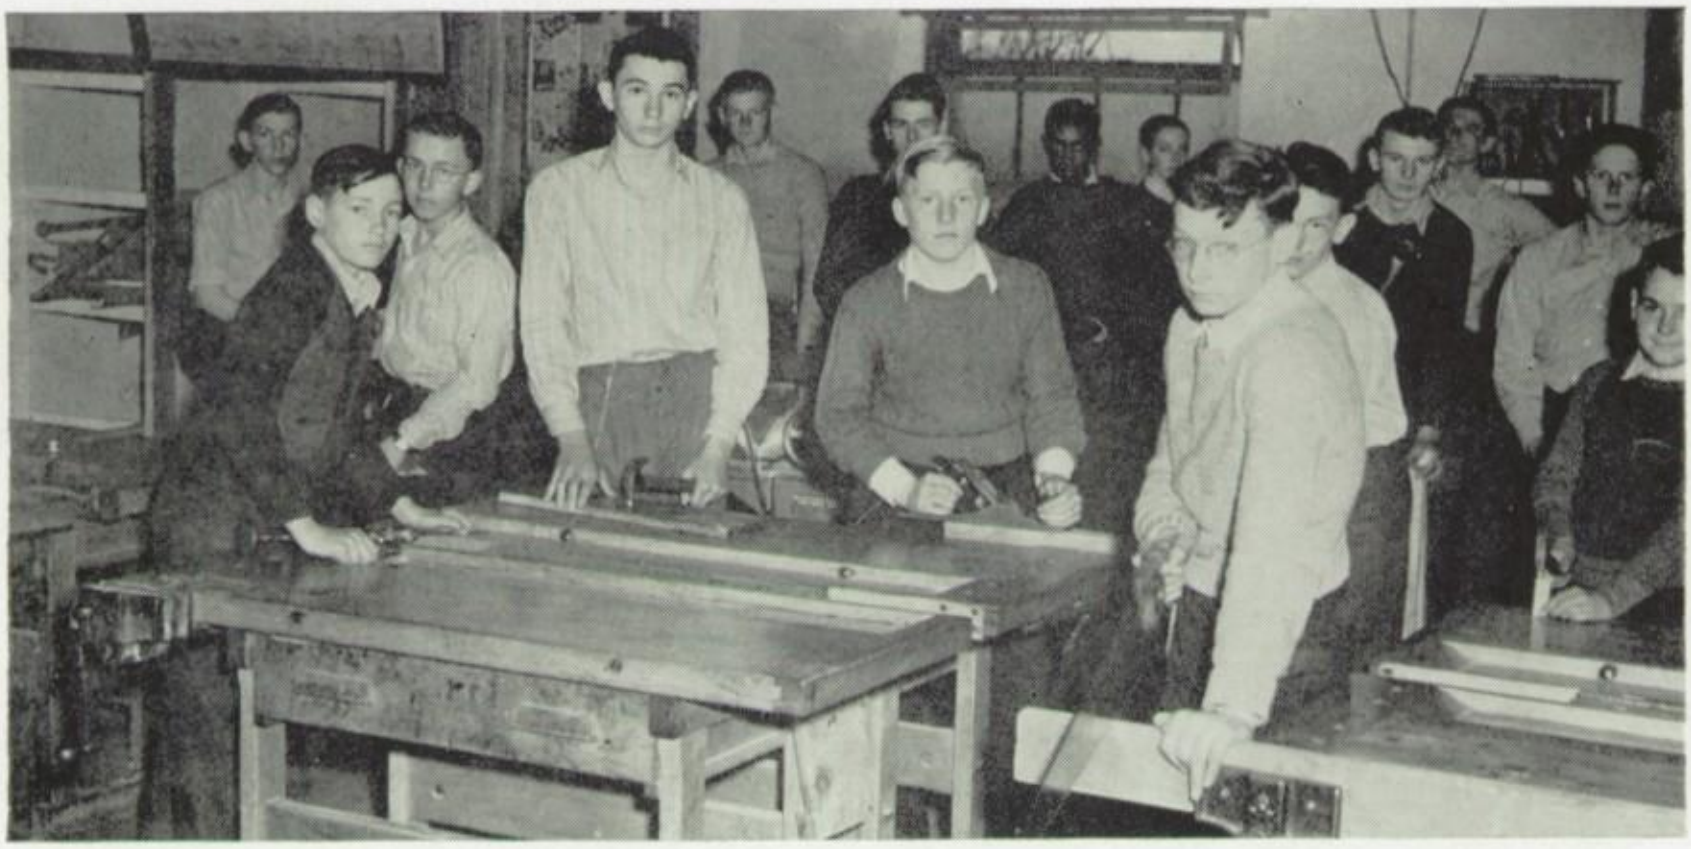


HOME ECONOMICS

R-r-r-i-n-g! Classes change; so we will look in Room 2 and see "what's cookin'." The foods class is going strong. This class studies the preparation of foods and how to serve them. They prepare their menus, do their own marketing, and serve complete meals. The days the girls look forward to are the three days a week when they cook because they may eat what they have prepared.

Another class held in the same room is sewing. Here the girls are learning to fashion new garments and make over old ones of which they have tired.

As another hour rolls around and we glance into this room, we find the home management girls designing, furnishing, and managing their "dream homes." Other units in the year's course include home nursing, foods, clothing, and in fact, everything that pertains to home and community life.



INDUSTRIAL ARTS

☆

At the beginning of the year, twelve weeks were spent on mechanical drawing, which consisted of Orthographic projection and Isometric drawing. The rest of the year has been devoted to woodwork in its various forms. The boys have completed many different projects: they have made a basketball scoreboard, a timekeeper's table, racks for the books in the assembly, a cupboard, a boat, and many other small articles and also have refinished the benches in the shop, the tables in the study hall, and the desks in several of the rooms. The last twelve weeks have been devoted to making scale model airplanes.

Each boy in the shop has a certain duty to perform each day. A tool check system has been installed whereby each boy has to check his tools out of the tool room. He is expected to know the names of all the tools in the shop, of what each is made, and also their use and care. He is also expected to know the common types of joints and how to apply the common finishes.

The Reflector Staff was organized by a group of students interested in journalism, who write up and issue a four-page newspaper once a week. Once a year, usually in the spring, they also publish in pamphlet form, writings done by the students themselves. This pamphlet is called the "Quill and Scroll." The Reflector Staff is under the management of Miss Norcross. Members of the staff are Mae Osmond, Editor; Robert Freeman, Editorial; Larry Clarity and Mary Virginia Edgerton, Feature writers; Virginia Blish, Humor; Marion Pasco and Carl Briscoe, Club writers; John Evans and Bill Stickler, Sports writers; Dennis Rice, Music; George Brausam, Student Council writer. The typists for the staff are Delyla Rice, Lorraine Letheby, Claudia Brown, and Mae Osmond.

ACCREDITED RELATIONS

South Beloit Community High School is fully accredited with the University of Illinois and is recognized as a four-year high school by the State Department of Education.

REQUIREMENTS FOR GRADUATION

Every candidate for graduation from high school is required to present four units in English, one unit in General Science, and one unit in United States History. Sixteen units are required for graduation. In addition to the above, there are individual requirements for entrance to certain lines of study in colleges and universities. The student should plan his work so that these requirements may be met by the time of graduation. Students should inquire of the Principal concerning these requirements and for help in their fulfillment.

MUSIC

Muic is offered to those students who attend the regular weekly rehearsals and show an interest in music. Both boys and girls may join a separate glee club as well as sing in the mixed chorus.

ABSENCES

Absence blanks properly filled out and signed by a parent or guardian should be given to the Principal immediately upon the student's return to school. If the absence is excusable, the student is given a permit to re-enter class and to make up his work. If the absence is not excusable the pupil is given a permit to re-enter class designating his absence as inexcusable, no privilege to make up his work, and in such cases a certain per cent is deducted from the absentee's grade.

Until an excuse blank is returned by the absentee, his absence is reported as inexcusable, with a certain percentage deducted from his grade; therefore, it is important that the parents and pupils alike realize that care and promptness be exercised in returning these excuse blanks immediately when the pupil comes back to school.

ORCHESTRA AND GLEE CLUBS

Musical activities in the South Beloit High School for the past year have been centered in the orchestra and glee clubs. The orchestra, which has played for basketball games, has been under the direction of Mr. Chenette, a highly-talented clarinet player. Rehearsals have been held twice a week, on Tuesday and Thursday nights.

The two glee clubs, composed of thirty girls and sixteen boys, have held weekly rehearsals under the able direction of Miss Irene Dettinger and have performed creditably on several occasions. They made their first public appearance at a school assembly at Christmas time and during the holiday season held a caroling party, at which time they visited eight homes and were duly rewarded with gifts of money and candy.

On March 24th, the combined clubs presented a fifteen-minute radio program over station WCLO in Janesville, an event which was undoubtedly one of the highlights of the year.

On April 17th, they presented their second annual spring concert, which was a great success.

Students who have assisted Miss Dettinger with her glee club work are Pearl Behling, Dawnine Marsden, George Rippie, Ervin Smith, and Delyla Rice, accompanist. Jack Doubleday, one of the club's valuable members, is now a member of the army air corps.

Membership dues are twenty-five cents a year.

☆

The senior class play, "Professor, How Could You?", was successfully presented November 29 in the high school gym, under the direction of Miss Porter.

CHARACTERS

Professor	Ervin Smith
Vicky Randolph	Claudia Brown
Grandpa	Jack Doubleday
Grandma	Geraldine Amato
John	Dale St. John
Priscilla Morley	Virginia King
Valerie Whitman	Lorane McGhee
Tootsie Bean	Dorcas Pinter
Boggins	Harry Worthing
Butcher Bean	Art Atkinson

The play revolves around the professor and his problem of finding a wife so that he may become dean of the college. Grandma and John both pick a candidate for the great wife derby, which has been instituted for the purpose of choosing a suitable wife for him. Unknown to the others, Grandpa picks Vicky Randolph, the class nuisance, who also has her eye on the professor. Grandpa wants to create a little excitement; so he sends a note to each of the girls and signs the professor's name, asking them to elope with him. Things really happen after this, much to the bewilderment of the professor, who knows nothing about it. John saves the day by dressing up in some of Grandma's clothes and posing as the poor wife whom the professor deserted a few years ago in the city of Boston. The girls are horrified and immediately turn against the professor. The professor realizes that it is Vicky whom he loves and finally convinces her of his innocence.

JUNIOR PLAY CAST

(Left to Right)—L. Clarity, C. Stewart, S. Seach, G. Brausam, F. Karty, M. Edgerton, R. Anderson, A. Goldsworthy, C. Briscoe.

The junior play, "Calm Yourself," was successfully presented Thursday evening, April 2, 1942, before a large audience in the high school gym. The play was coached by Mr. Robert Fee.

CHARACTERS

Fred Smithie, a husband ..... Larry Clarity
Fannie Smithie, a husband's boss ..... Mary V. Edgerton
Lucy Smithie, their off-spring ..... Camilla Stewart
Barbara Hanson, a friend ..... Alice Jo Goldsworthy
Harold Ainsworth, a week-end guest ..... Carl Briscoe
Jack Bird, a visitor ..... Floyd Karty
Mrs. George Wonder, a social light ..... Ruth Anderson
Mr. George Wonder, a social tail-light ..... Steven Seach
Hank Webster, a limb of the law ..... George Brausam
Evans, a maid ..... Betty Stickler

THE STORY

Mrs. Fred Smithie, who has social ambitions, invites Harold Ainsworth for a week-end visit under the impresson that he is an old admirer of hers. Hoping for a quiet time, he accepts and for a time tries to carry out the deception. Then Fred Smithie, the husband, decides to liven up the party by having Harold make love to the various members of the household. All goes well until Harold actually falls for Barbara Hanson. The activities are helped along by Mrs. George Wonder and her social tail-light of a husband, who never gets a chance to get in a single word as long as she is there to say it for him. From this point on things are in a merry mixup, and even the cuckoo clock on the wall enters into the spirit of the occasion and speaks for itself.

ATHLETICS

COACH HOADLEY

FOOTBALL

E. SMITH

A senior, who was always in the game no matter what the score was. He filled the line mighty well.

H. PARTRIDGE

Harold was the outstanding player because he was the triple threat man. He excelled in kicking, running, and passing. We're going to miss this senior.

Second Row (left to right)—Coach L. Hoadley, G. Clark, E. Speich, E. Pinter, D. Letheby, E. Wiley, K. Pospischil, A. Atkinson.

Third Row (left to right)—Manager E. Wacaser, W. Guetschow, C. Petitt, R. Stinson, A. Kastner, D. Petitt.

BRUNO GHINAZZI

Bruno, a junior, played left end and did a fine job of it. He never said die.

GEORGE RIPPIE

Rippie, a junior, was as fine as anybody when he was in his hole at left tackle. He always kept plugging.

JOE LOOMIS

A senior, who did a mighty fine job at right tackle and who was very aggressive.

EUGENE WILEY

"Gene," a junior, never quit fighting and running for all he was worth. He should reach his peak next year.

DEWEY LETHEBY

A sophomore, who was a good steady player and made some very notable gains in the games he played.

GLEN E. CLARK

A senior, who was as enthusiastic as he was regular, was small but a fast player.

PAUL PRATT

A senior, was a very steady player and shared the enthusiasm of football with all.

KENNY POSPISCHIL

A sophomore, who was the hardest hitting man on the squad. He will surely bolster up the line next year.

BOB FREEMAN

A junior, our flashing right end who was so good at snagging down passes. We'll see you next year, Bob.

ART ATKINSON

A senior. Art was another of the steady players who never quit. His favorite trick of bawling out the players will be missed on the gridiron next season.

CLIFFORD ST. JOHN

"Cliff," a junior, came out of his left guard hole to make a surprisingly good fullback.

GEORGE BRAUSAM

George, a junior, was the finest quarterback we could ask for and he fulfilled his part well. He was very cool and his ball handling ability showed up in many cases.

FOOTBALL LETTERMEN

First Row (left to right)—G. Rippie, J. Loomis, E. Smith, H. Partridge, P. Pratt, R. Freeman, C. St. John.

Second Row—G. Clark, G. Brausam, B. Ghinazzi, D. Letheby, E. Wiley, K. Pospischil, A. Atkinson.

Although the team did not come through with flying colors, our team played a very hard brand of football every game. The Redmen were somewhat handicapped by inexperience, lack of strong reserves, and injuries. Special laurels go to Clyde Petitt who broke his ankle during the season and was unable to play. His injury kept him from showing his ability, but great things are expected of him next year.

Other players who will probably make good next year and who will take the place of the graduating seniors are Elmer Spiech, Edward Pinter, Art Kastner, William Guetschow, Don Petitt, and Dick Stinson.

The team played six games during the season, and toward the end, the mighty eleven showed definite signs of improvement.

"S" CLUB

First Row (left to right)—B. Stickler, E. Wiley, B. Ghinazzi, J. Loomis, C. St. John, G. Rippie, R. Stinson.

Second Row (left to right)—A. Atkinson, G. Clark, H. Partridge, E. Smith, P. Pratt, K. Pospischil.

Third Row (left to right)—D. Letheby, R. Freeman, G. Brausam, Coach L. Hoadley.

The "S" Club is an organization of the major letter winners in athletics. This club, under the supervision of Coach L. Hoadley, includes fifteen members.

The club members pay no dues, and they work with the school to raise money for the purchase of new and complete athletic equipment. During the course of this last year the club has handled the sales of football and basketball season tickets, sponsored a dance, and brought to the high school a thrilling and exciting magician show.

This year's success of the club has been due to the fine work of our instructor, Coach Hoadley, together with the co-operation of the club members, officers of which are as follows:

President ..... Harold Partridge
Vice President ..... Bruno Ghinazzi
Treasurer ..... Clyde Petitt
Secretary ..... Ervin Smith

BASKETBALL

CAPT. HAROLD PARTRIDGE

This tall well-built young man is a good defensive man as well as the spark of the offense, being able to shoot with either hand.

"A" TEAM

(Left to right)—G. Brausam, D. Letheby, K. Kamens, J. Loomis, H. Partridge, D. Stinson, B. Stickler, J. Evans, Coach Hoadley.

Harvard, 27; South Beloit, 25
(there)

In the opening North Six Conference game, Harvard, coming from behind in the fourth period of a "nip and tuck" battle, defeated our Redmen in spite of Harold Partridge's contribution of nine points. Inefficiency at the free throw line caused the defeat.

GEORGE BRAUSAM

Although George is short, he is a good shot and a very good ball handler.

South Beloit, 35; Marengo, 30
(there)

Breaking into the first North Six Conference win, South Beloit turned back a fighting Marengo five in a closely contested battle. At no time during the game were the two conference contenders separated by more than a few points. The man that kept the team in the running was our junior forward, Dick Stinson, who registered fourteen points.

JOSEPH LOOMIS

Joe is a hard player and a very good rebounder. He never quits.

Harlem, 52; South Beloit, 46
(here)

An inspired Harlem five, who had previously been drubbed by our Red and Whites in the "Pec" Tournament, 51 to 37, squared off by a victory over the Hoadleymen in an offensive battle despite a phenomenal exhibition by center, Partridge, who netted twenty points.

Winnebago, 42; South Beloit, 31
(there)

Unaccustomed to the small (cracker box) gym and the new fan-shaped basketball backboard and a tall, aggressive team, South Beloit was defeated. The scoring honors for the evening went to our junior guard, Bill Stickler, who netted thirteen points through the hoop.

BILL STRICKLER

Bill is a fast guard who shoots medium shots well and does a good guarding job.

South Beloit, 45; Rockton, 29
(there)

Continuing our rivalry with Rockton, South Beloit trampled over the Rockton five. Starting out with a bang, the first half South Beloit led Rockton 28 to 12 and coasted to an easy victory. Scoring honors of the evening were scattered among our guard, Joe Loomis, our forward, Dick Stinson, and our captain, Harold Partridge, who netted ten points each.

DICK STINSON

Dick is a tall shifty player and a dangerous shot anywhere on the floor. He does well on defense also.

South Beloit, 31; Harvard, 42
(here)

Endeavoring to gain ground in the North Six race at the expense of a highly rated Harvard quintet, South Beloit provided stiff opposition but came out on the short end of a 42 to 31 score. Stinson set up the scoring with eleven tallies while Stickler and Brausam bagged eight each.

Marengo, 31; South Beloit, 30

In a see-saw battle in which only one point separated the two teams, Marengo finally nosed out our fighting Redmen by a margin of one point. Inefficiency at the free throw line caused the defeat as our boys missed 9 of the 13 free tosses. Stickler, Partridge, and Stinson shared scoring honors with 13 8, and 6, respectively.

JOHN EVANS

John is coming along very well. He is fast and a very good feeder to his teammates.

Harlem, 56; South Beloit, 58
(there)

In a strictly offensive battle the Hoadleyites coming from behind, defeated the title contenders in a see-saw battle in which 114 points were scored. Partridge led the scoring with 15 points followed closely by Stinson with 14 points.

Rockton, 24; South Beloit, 54
(here)

Coach Hoadley's cagers crushed Rockton beneath an avalanche of points to score the second victory over Rockton. The Redmen led all the way by a large margin due to the basket sniping of Loomis, Stinson, and Stickler.

Winnebago, 35; South Beloit, 34
(here)

In the last conference game the fighting South Beloit basketeers lost a thrilling battle to Winnebago after leading all the way through the first three quarters. The last minute spurt of the Winnebago five was just enough to nose out South Beloit's victory. Stinson was high point man with the rest of the team pitching all the way.

KENNETH KAMENS

Kenneth, although only a freshman, saw a great deal of service at the center position and should be of great help to the team next year.

DEWEY LETHEBY

Dewey was not out at the first of the year, but with his rebounding height and strength, he should show up well next year.

☆

Opening their season by defeating a strong alumni team, the Redmen collected during the year a total of 1,117 points, or an average of 37.5 per game, to their opponents' 1,002 points. Our fighting five won 16 out of the 30 games played.

The Redmen placed second in the Pecatonica invitational tournament, third in Harlem tournament, and second in the Monroe Center district tournament. They lost to Harlem, 39 to 32, in the first game of the Belvidere regional tournament.

In the North Sixth Conference, the Redmen placed fourth, winning 4 out of 10 games. Although the Redmen did not come through with flying colors, many of our games were lost by very close margins.

Six veteran players were active this year—Harold Partridge and Joseph Loomis, seniors; and Dick Stinson, Bill Stickler, George Brausam, and John Evans, juniors.

The players who will receive major letters are Captain Harold Partridge, Joseph Loomis, Dick Stinson, Bill Stickler, and George Brausam.

BASEBALL

South Beloit High School organized a hard ball team for the first time last year, and joined the Beloit American Legion Junior League, which consisted of Roosevelt Alumni, Lincoln Alumni, Lincoln Junior, Roosevelt Junior, Brother Dutton, and South Beloit.

Four games have been played this year with our team leading in the first part of the games. However, most of their time was given to the track activities, and no definite time was allotted for practice.

1942 TRACK

By the end of the 1942 season, the track team will have taken part in the following meets:

Rockton, Belvidere, Winnebago, and South Beloit at Rockton.
Rockton at South Beloit.
Rockton, Belvidere, and South Beloit at South Beloit.
North Six Conference meet at Rockford.
District meet at Rockford.

South Beloit won second in the North Six Conference meet held at Rockford, April 30th. The following boys placed:

HAROLD PARTRIDGE—first in the 440 (56 seconds); first in the 220 (24.4 seconds); first in discus throwing (115 feet).

DICK STINSON—first in pole vault (11 feet, 10 inches); second in the broad jump (19 feet, 6 inches); third in the low hurdles.

ERVIN SMITH—third in the shot put (39 feet, 9 inches).

JACK PASCO—tied for first in the high jump (5 feet, 7½ inches) and won the gold medal on the flip; third in 120-yard high hurdles.

The 880-yard relay team, composed of Partridge, Garber, Stinson, and J. Pasco, won third place. Stinson, with a jump of 11 feet, 10 inches set a new conference record. The old was 11 feet 3⅜ inches.

The following boys took part in the meet but did not place: D. Rice, E. Pasco, F. Karty, E. Pinter, R. Freeman, and C. Petitt.

Stinson, Partridge, Freeman, Smith, and J. Pasco are to participate in the district meet, winners of which are entitled to go to the state meet. Three boys are expected to make the grade and get the trip. Prospects for next year are bright, with double the number of boys expected to report for track next spring.

God has blessed America

NOTHING can soften the sadness of parting from our young men who are answering the call to the colors.

But just watching them swing by, you know there is a cause for giving thanks on bended knees that they are the kind of young men they are.

May we all find ways of telling them the brimming appreciation in our hearts for the high purpose behind the noble sacrifice they are making.

God speed them . . . and return them home safely and soon.

"Uncle Robert, when does your football team play?"

"Football team? What do you mean, my boy?"

"Why, I heard father say when you kicked off we'd be able to afford a big automobile."

Young Man—"Sir, your charming daughter has invited me to dinner."

Her Father—"I'll do better than that. I'll invite you to breakfast. Then you can see how she looks in the morning without her make-up on."

Frisby—"I think George Washington was right when he advised his countrymen not to eat spaghetti."

Bisby—"What do you mean—George Washington advised people not to eat spaghetti in his day?"

Frisby—"Well, anyway he told them to 'keep away from those foreign entanglements', didn't he?"

Izzard—"Do women always have the last word?"

Izzat—"Certainly not. Sometimes a woman is talking to another woman."

Janey—"Mother, is it correct to say that you 'water a horse' when you give it a drink?"

Mother—"Yes, dear, that's right."

Janey—"Well, then, I've just 'milked the cat'."

Young Farmer (pointing to cow rubbing noses with her calf)—"Ah, that sight makes me want to do the same thing."

City Girl Visitor—"Well, go ahead. It's your cow, isn't it?"

Virginia King—"If I let you kiss me once you'll want to kiss me again."
Lee—"No, I won't."
Virginia—"Then you don't deserve to kiss me at all."

Wiley—"I had no idea that you were going to marry that little widow."
Bruno—"Neither did I."

Smitty—"A kiss speaks volumes, they say."
Delyla—"Yes? Then, don't you think it would be a good idea for us to start a library?"

Vic Brausam—"I never thought you would get married. You always said marriage was a joke."
Charles Morse—"I still think it is, but the trouble is that the joke's on me."

Mr. Stinson—"So your son is in college? How is he making it?"
Coach—"He isn't making it. I'm making it and he's spending it."
